Bull Bar

Installation Instructions

94300

Jeep Wrangler JK / Wrangler JK Unlimited
2007 - 2018

Parts List:
1 - Bull Bar

Note: Completely read instructions before beginning installation!

1. Remove the contents from the box and check for missing pieces or damage. If parts are missing or damaged, contact the original place of purchase.
2. This bull bar is to be used in conjunction with the jeep bumper replacement part #94100. The #94100 includes the mounting hardware for the bull bar.
3. Place the bull bar on top of the bumper and place (1) 5/16" internal lock washer onto each of the (8) 5/16" button head bolts. Thread the bolts with washers into the 8 holes on the top of the bumper as shown in **Diagram 1**. Do not over tighten the hardware.
4. If lights are to be used with the bull bar they can be installed at this time.

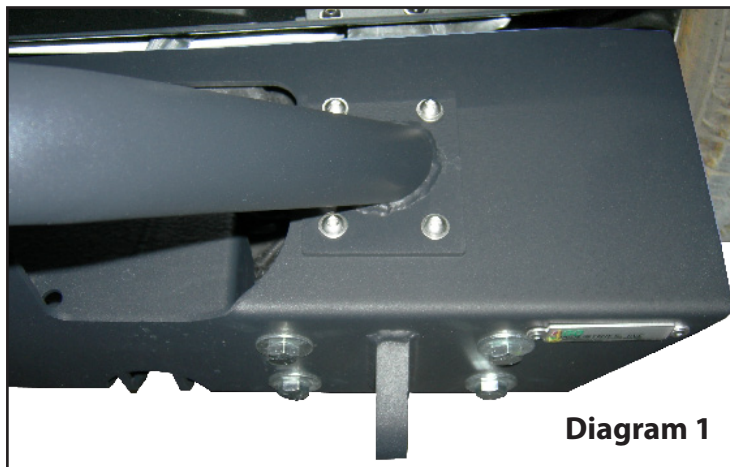

Diagram 1

Note: Re-check all hardware for proper tightness upon completion and periodically inspect hardware and parts for signs of wear throughout the life of the product.
