# Winch System Brush Guards

Installation Instructions

## Parts List:

- 2 - Brush Guards
- 4 - Button Head Bolts
- 4 - Neoprene Washers

\*May include extra hardware.

## **Note: Completely read instructions before beginning installation!**

1. Remove the contents from the box and check for missing pieces or damage. If parts are missing or damaged, contact the original place of purchase.
2. Place button head bolts through bolt holes in upright. Put a neoprene washer on each button head bolt. Put the winch system brush guard up to the button head bolt and screw into end of brush guard. Do this for all button head bolts.
3. Make sure all button head bolts are tightened down.
